An Open Letter To Sen. Parkman

I ASK YOU, MR. PARKMAN:

You are a member of the Roads and Highways Committee of the State Senate, are you not?

You are in close touch with the affairs of the Highway Commission and other Committees that have to do with roads and highways. If this is a fact as you have told the public many times during this campaign—

How is it, then, that you didn't learn weeks ago, that a change was contemplated in the 101 Highway; and—

At that time notify the Civic Bodies, the Board of Supervisors, and the people at large, that they might have their just say in the matter.

Do you think, Mr. Parkman, that you have looked out for the interests of your constituents in the matter?

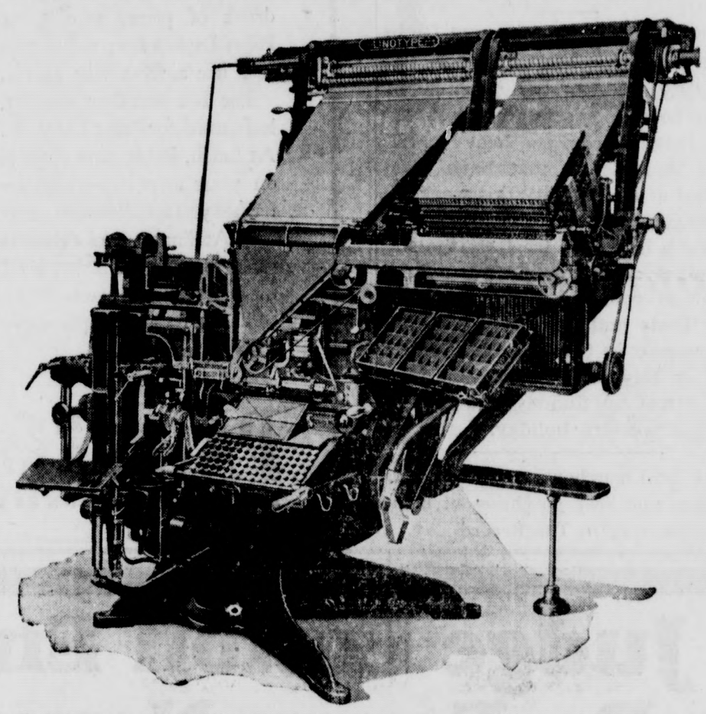
DALY CITY RECORD ADDS TO EQUIPMENT

FIRST ONE OF ITS KIND TO BE DELIVERED TO ANY NEWSPAPER IN CALIFORNIA

NEW LINOTYPE MACHINE



View of the Blue Streak Linotype, one of which has been purchased and installed in the new plant o the Daly City Record recently.

With a great deal of satisfaction the publisher of the Daly City Record announces the installation of a new and the latest model Linotype, known as the Blue Streak. This mechanical marvel qualifies us to serve efficiently the large number of citizens who look to our publication for enlightenment and entertainment, and who patronize our commercial printing department.

The rapidly increasing circulation of The Record, together with our desire to place at the command of our advertisers and others the highest grade of typography, induced us to secure this fine composing machine for the quick and accurate and pleasing presentation of the news of the day, and the production of superior commercial printing.

Our new Linotype enables us to set by machine many forms of composition that previously necessitatedtedious work by hand. Our plant is now capable of turning out composition consisting of correct type faces in many different sizes, and the change from one size to another is made very quickly. At a high rate of speed the versatile operator—whose hand is made famous by the Mergenthaler Linotype Company as "the hand that keeps the world informed"—produces line after line of the sort of composition desired.

This installation is a testimonial to the progressiveness of Daly City and vicinity. And that the good people of the community are duly appreciative of our efforts to serve them in all departments of the printing business is manifested by the many compliments received from individual patrons since the arrival of our new machine.

The accompanying illustration will give our readers some idea of the marvelous mechanism of the linotype, a composing machine on which are assembled matrices (or little brass molds) and lines of type cast—lines such as you are now reading.

Besides enabling the operator to set various faces and sizes of type, our new Linotype makes it possible for him to produce the rules and dashes and borders used in various advertisements in each issue of our publication. When employed in composing of advertisements, newspaper heading, booklets, catalogs, and many other kinds of printed matter, our new machine enables one operator to set in the same time more type than ordinarily could be produced by five or six men or women doing the work by hand—and the composition is incomparably better.

While for a long time we have received the patronage of a host of subscribers, advertizers and printing buyers in general, we look forward to the handling of an even greater volume of business now that we are so well qualified to render the sort of service most to be desired.

It has been our aim to present the news of the day without fear or favor, and to reflect faithfully the ideals and ambitions of our constituents; and we shall continue to devote our talents and resources to the fulfilling of this aim. And of great help to us in the carrying out of our purpose will be our new Linotype.

TOPNOTCHERS OF EAST COMING TO TANFORAN

By J. W. MARCHBANK

I am achieving my aim of years in the sport to begin in October at my Tanforan track. Not only will the feature races draw starters from such outstanding establishments as those of Major A. C. Taylor, of Vancouver; H. C. Hatch, of Toronto, on the other side of the continent; Norman W. Church, C. S. Howard, R. E. Cooper, H. T. Griffin, Cleaveland Putnam and others; but, what is of equal importance, all these men are breeders. My object all along has been to conduct racing in a manner to offer the highest encouragement to men of affairs to "breed their own." I have set the example, through both lean and fat years, in my Heather Farm.

"Charlie" Howard is not only purchasing yearlings at Saratoga that promise to have a strong influence on the breeding industry in the future, but he has also bought "made" material privately such as Man o' War's grandson, Seabiscuit, and the noted Display's son, Exhibit. Seabiscuit, a three year old, and Exhibit, a four year old, are exactly the type of runner to make the renewal of the San Francisco Handicap and other stakes at the fast approaching meeting at Tanforan a memorable one.

Seabiscuit, a bay by Hard Tack, has demonstrated class in more than one stakes on the big courses in the East. He has been called upon more than once to concede weight to some of the best of his age. Hard Tack, the sire, is by Man o' War, from Tea Biscuit, a daughter of the Triple Crown winner, Rock Sand, and was an outstanding performer. The mating of Fair Play, Man o' War's sire, with Rock Sand matrons was a wonderful success, so no wonder mares on the same lines are being sent to the court of America's most famous horse.

It may be the new owner of Seabiscuit has plans for putting the young stallion in the breeding paddock when his racing days are over, and, if that is the case, it seems likely the colt will make a name for himself as a progenitor, similarly to his grandsire and sire.

In a short time good gallopers will begin to arrive at Tanforan and training gallops will be in order. The worth while string of R. E. Cooper probably will be the first to come from the "big time." The California breeder is bringing fifteen head from Thistle Down.

Should Re-Elect Witt And Francis To Office Tuesday

The re-election of Supervisors Al Witt Jr. and Manual Francis is necessary to assure progressive government and the unabated program of development in San Mateo County,

Ray Gallagher, director of the campaign states, in an appeal to the voters who will select the officials to guide the administration of this county on Tuesday, August 25.

Citing the fact that San Mateo County's tax rate will be 85 cents for the 1936-37 fiscal year, Gallagher said that this fact alone, is proof that Supervisors Witt and Francis, who were in the main responsible for the drafting of the budget that gave the lowest tax rate in the history of the county, are business men of honesty and ability.

When virtually all of the counties in California have increased their tax rates, it is striking proof that those two officials by their attention and devotion to duty, coupled with watching the county's finances, have cut out wasteful extravagances and saved the taxpayers money.

The public works program incorporated in the budget will show that there has been no curtailment of contemplated buildings and improvements, just to reduce taxes. Rather, the plans will show that there is a well-outlined construction, that, if these two officials are returned to office, will be accomplished and bring added wealth to this county.

There have been efforts on the part of certain former officials of this county to create the impression that turmoil exists in the county government of the present administration. Far from the truth. One of these former officials is seeking the office of supervisor. He is the same official who, only four months ago, was removed from office by the vote of the people of the First Township.

His removal was brought about because he disregarded the admonitions of the people to desist in his efforts while head of the Daly City administration to foist Bingo Games upon the populace. These Bingo Games were the property of and controlled by Southern California interests.

This same official has attempted to create the impression that unless he is selected to the Board of Supervisors a chaotic condition will prevail. This in face of the fact that during his regime Daly City's administration passed through the most turbulent period in its history.

If the right-thinking people of the county will just look around they will observe for themselves that vast improvements in roads, streets, recreational centers, public buildings and parks have been carried out during the past four years, the period of so-called Supervisor Witt-Francis alliance.

Without much effort, men and woman who were in charge of the unemployment situation in this county will point out that four years ago the unemployment figures numbered 3700. Then Supervisors Witt and Francis took charge. Today there are only 62 persons on relief. And these 62 persons would be self-supporting only physical disability prevents them from accepting manual labor. This in itself is a record to be proud of.

If you good people appreciate yeomen service rendered and you wish good government to prevail, one way of being sure is to cast your vote on next Tuesday, August 25, for the re-election of Supervisor Al Witt and Supervisor Manuel Francis.

JEFFERSON UNION HIGH SCHOOL WILL BEGIN SEMESTER MONDAY

Students Urged To Be On Hand Early To Be Sure Of Enrollment

Jefferson Union High School will open for the new term on next Monday morning at 8:15. The building has been thoroughly renovated during vacation, new classrooms have been equipped, and everything is in shipshape for the opening of the new term.

There will be four new instructors on the faculty when school opens—Miss Mary Elizabeth Jones, substituting for Miss Hoover in the domestic science department for the school year 1936 and '37; Mr. William E. Hoppe, instructor in English, Mr. Durant W. Moseley, instructor in Industrial Arts, and Mr. John Mathews, instructor in general science and mathematics and coach in football.

All of these teachers come with exceptionally high recommendations in their several lines of work.

Owing to the increased high school enrollment from Brisbane this year, bus transportation will be furnished from that part of the district direct to the high school.

Principal James Ferguson makes the urgent request that all pupils who intend to enter the high school this term do so on the opening day. Those who enter late find that they have work to make up if they are to receive passing grades in their work. The large percentage of failures in school are those who enter late, in addition to those who fall behind in their work through negligence, Mr. Ferguson says. Should there be too large an enrollment in any class preference must be given to the students who register on the first morning of the term.

Floral Fiesta Now Is Moving Ahead

Agricultural Displays To Be Feature As Area Has Been Increased

Agriculture, annually a five million dollar business in this county, will be given its just due at the San Mateo County Products and Floral Fiesta, at Bay Meadows, October 8 to 11.

The Fiesta was intended originally to be a flower show, but it must be more than that if it is to mirror Peninsula life accurately, County Agicultural Commissioner Max J. Leonard explained.

Six community agricultural displays embracing coastwise products will be the principal feature of the agricultural section at the show. In addition there will be garden exhibits, poultry, honey and bee displays.

Four Peninsula garden clubs have already announced they will have exhibits. Agricultural classifications have been increased from 125 to 250 and the floor space area from 4500 feet to 7300.

The California Department of Agriculture will place on display a State Fair exhibit. Domestic science classes for women will be conducted in connection with the canned goods display.

"We hope to show," Leonard said, "that agriculture and industry play as large a part in San Mateo County as does the floral industry. When it is considered the gross income to growers last year was $4,789,200, that farm products brought in $325,000, and hay and grain was valued at $360,000, you can understand why agriculture must be given a prominent place in the Fiesta."

Judge Cotton Should Be Retained on Bench

The Daly City Record unqualifiedly recommends the retention of Superior Judge Aylette R. Cotton to again fill the office he has held for the past two years. We believe he has proven himself to be one of the best qualified judges ever to grace the superior court bench in San Mateo County.

Seldom, if ever before, have San Mateo County's daily and weekly newspapers been in such complete accord on any candidate for public office, but from the North end of the county to the South end, Judge Cotton has won the respect and admiration of the press, following his year and a half of service on the county bench.

When Judge Cotton sought the appointment to the bench by the Governor some eighteen months ago, following the death of Judge Franklin Swart, there were other candidates earlier in the field. At that time virtually every newspaper in the county signed a petition to Governor Frank F. Merriam, urgently requesting him to name Judge Cotton, then mayor of San Mateo, to the post. Not a single newspaper has changed its views since supporting Judge Cotton more than a year and a half ago.

The Record believes it expresses the sentiment of every newspaper publisher in San Mateo County in recommending the election of Judge Cotton by the largest majority ever accorded any candidate for public office in the county.

BAD SHIFTING

Some motorists have a habit of shifting from low gear to high, skipping second gear altogether, while others are prone to start in second rather than low.

Either practice is bad because of excessive wear on the clutch, drive line, and rear axle assembly.

STATE MEETING AT HOLLYWOOD ATTRACTS MANY LOYAL MEMBERS

American Legion Posts And Auxiliaries Convention Proves Successful

Daly City Post and Unit of the American Legion were well represented at the state convention in Hollywood last week. Sunday was spent in registering, arranging for rooms and meeting old friends. The memorial services held in the Hollywood Bowl was one of the most glamorous spectacles ever witnessed.

Monday afternoon the parade took place. Many of our members marched or carried colors. Monday evening many watched the final contest of the drum and bugle corps, bands and drill teams.

Tuesday the business began in earnest. Tuesday evening all the Daly Cityites had dinner together at the French House. It was a most enjoyable affair, with Commander Miller as toastmaster. Many later attended the joint meeting, where Past National Commander Frank Bellgrano was one of the speakers.

Wednesday was the final windup. Much legislation was completed and then occurred the election and installation of all department officers. The one item of business that vitally concerns San Mateo County was the formation of a new district which comprises San Mateo County and is listed as the Twenty-sixth District. Marcia Trier of Daly City Unit was elected president and Helen Blunk of Burlingame Unit was elected vice president of the new district. C. H. Whitney of Burlingame was elected commander, Tom Renall first vice commander, and Lee Williams second vice commander.

Tom Riordan of San Francisco was elected state commander of the Legion. Ruth Mathebat of Alameda was elected state president and Florence Chess of San Mateo was elected vice president of the Auxiliary. All these officers were installed as the last order of business at each of the sessions on Wednesday evening.

The weather was excellent and everyone enjoyed the stay in the cinema city. Those attending from Daly City were Commander and Mrs. Cleo Miller, Mr. and Mrs. R. L. Crane, Mr. and Mrs. Larry Reilly, Mr. and Mrs. Felix Chapman, Mr. and Mrs. R. P. Craft, and Mesdames Marcia Trier, Hilda Prziborowski, Grace Hill, Catherine Foreman, Margaret Kenny and Anna Welch and daughter Anita.

The next state convention will be held in Stockton next summer.

UNFAIR TACTICS ALLEGED AGAINST LUMBER TRADERS

San Mateo Organization Is Named, Among Others, In Federal Suit

According to a dispatch released by the United Press seven prominent citizens of the Peninsula were under federal fire on government charges of unfair practices in their business.

The Peninsula Lumbermens Club is one of six California lumber dealers associations and organizations named in suits filed in Washington yesterday by the Federal Trade Commission charging unfair practices in restraint of competition and increasing prices to the purchasing public according to the news dispatch.

Directors of the Peninsula Club are Alvin S. Hatch, Half Moon Bay; Z. T. Thorning, Redwood City; Dale Frane, Palo Alto; Ray Peil, Mountain View; W. Anderson, San Mateo; Fred McNulty, San Bruno, and H. H. Smith, Daly City. They are all in the lumber building materials business.

The government complaint, according to the press dispatch, has charged the respondents entered into an agreement among themselves to promote their volume of business and profits, and for the purpose of furthering their program have indulged in various practices which are alleged to be unfair.

The dispatch said the government complaint further alleges that the respondents used coercive methods and threats of boycott to require manufacturers and dealers to support their program.

Hatch, a candidate for Supervisor, has his lumber concern in Half Moon Bay. Smith, also a candidate for Supervisor from the First Township, is engaged in the lumber business in Daly City.

Articles of the Peninsula Club were filed with the county clerk at Redwood City on Thursday of last week.

WILD WEST SHOW STAMPEDE STARTS

The Peninsula mprovement Clubs Wild West Show to be held at Pacific City this coming Sunday is going to be a rip snorting and wild affair, judging from the heavy barricades and fences that have been erected at Pacific City this week.

The committee in charge has also graded a half mile track on the site and many close events are promised.

Get on your ten gallon hat and your boots and hop on one of the hay wagons or trucks at the County Line on Bayshore Highway or Mission Street on Sunday and have a real old western holiday.

DR. THOMPSON TO CLOSE CAMPAIGN

Today Dr. C. V. Thompson, Pescadero, candidate for supervisor from the coastside at the election Tuesday, was closing his campaign, following a complete tour of the county. Dr. Thompson, widely known throughout the county for his twenty years' service on the board of supervisors, expressed confidence in the election outcome.

"There seems to be a very definite demand for a change on the county board of supervisors, Dr. Thompson said, and as the result of my campaign up and down the county I am convinced that the people want men in public office who have their interests at heart, and who can get along in an endeavor to undo much that has been done to bring discredit upon San Mateo County Govenrment affairs.

"In addition the voters today are looking closely at the qualifications of every candidate, perhaps more so than ever, with the view of selecting able and experienced men for public office. It is common knowledge that people, especially in this county, are entirely capable of doing their own judging, and efforts to befuddle them are in vain.

"Once money and ballyhoo carried great weight in swinging elections, but today the newspapers and the radio have served to acquaint voters with the facts, and thus permit them to get a true picture of just how their governmental affairs are being handled. The candidate today must offer something more than generalities and glittering campaign promises.

"So, having served this county for twenty years in public office, nothing I could say would after my record, and on this record I make my campaign. The voters know from this record, of which I am proud, what they can expect from me as their supervisor, and it is not necessary for me to attempt to befuddle any issues. I have not changed in my opinion that the people, not special privilege and patronage, are the masters of all public officials.

Funeral services were conducted, Wednesday morning of this week, at 10 o' clock, in a San Francisco undertaking establishment. Interment was in San Jose in Oak Hill Cemetery.

ROOSEVELT SHOWN TO BE HIGHLY PRACTICAL

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Nearly one hundred years ago, Sainte-Beuve, the famous critic, said it is with character, not with ideas, that a nation governs itself. The truth is expressed in a highly readable essay on Guizot, the noted historian. A significant remark by the historian, who made an exhaustive study of revolutions in various countries, was to the following effect: George Washington, even in the midst of a revolution, never accepted nor practiced revolutionary policies.

It is easy enough to see there is a similarity of mental makeup in Washington and Franklin Roosevelt. All the "Father of Our Country" wanted to do was to give the people an opportunity to exercise the inalienable rights of freedom. So it is with President Roosevelt. But it is a harder task for the leader of the twentieth century than it was for the leader of the eighteenth, mainly because of insidious forces trying to retain power that should never have been theirs.

The lesson appears to be that nothing is absolute and that even experience should be called in question. Judging from the actions of the chief executive of the nation, especially in experimenting when experimenting is imperatively needed, his practical philosophy of history is in agreement with that of some deep students of earlier times.

* * *

Getting down to our own times, we find wise words in the John D. Barry column in the Daily News, as follows:

"If a law is passed in 1850 it reflects 1850 people. Should it be accepted in the identical way more than 75 years later? Should it impose 1850 on 1936?

A man like Justive Oliver Wendell Holmes, now gone, would say it should not. Some of his most important decisions rest on this principle: Laws that affect the American people should be interpreted in the light of today."

Again:

"While the times have moved on, business has continued to stand pat. Its large scale practitioners have utilized the services of high priced lawyers to sustain their go-as-you-please methods. In some instances they have resorted to practices that treat the law with contempt.

"Now comes an important question, conspicuously involved in our presidential campaign: will go-as-you-please continue?

"The grips of the past, what a hold they have on us. And they're none the less strong when they've been ingenuously forged, as is often the case, for selfish purposes.

"The coming presidential election is going to be far more than a choice between the two principal candidates, Roosevelt and Landon, or even two great parties. It will signify going back to old, predatory ways or going on to new expedients that place the claims of property below what we now recognize as human rights."

Let's GO ON WITH ROOSEVELT.

* * *

William Hazlitt hit the nail on the head when he said we must not be "taken in" by swaggering bullies, loud talkers, who, in the jockey phrase, have lost their mouths, and cannot be reined in by any regard to decency or common sense.

* * *

The latest analysis by experienced publicists shows President Roosevelt should win by a safe margin. But let's not be over-confident; the battle is not over until the last gun has been fired.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

Mrs. Ivy Williamson, of the Thomas Jefferson Cleaners, 8 Wellington avenue, sends in an original recipe that she has tried many times herself. It reads as follows:

Lamb-Bean-Rice Stew

Two pounds shoulder of lamb, cut in small pieces. Season and cook in about two cups of water. When tender, thicken gravy with two tablespoons of flour and water. Then add a can of string beans which have been drained. Cook two cups rice and place in colander, pour hot water over it and shake well until thoroughly drained. Spread rice on a platter, sprinkle generously with cinnamon and over the top pour the lamb and bean mixture.

Coffee Kuchen

(From the Farmer's Wife)

One yeast cake, dissolved in cup of luke warm water; two cups of milk, three eggs (well beaten), one cup sugar, one teaspoon salt, three tablespoons melted butter or salad oil, one package of seedless raisins. Add flour and knead well, until the dough feels moist but not sticky. Let rise in warm place, covering the pan well, so dough will not chill. Let rise about three times original size and divide into three cakes. Let these rise again to about twice their size. Cover all with melted butter, sprinkling well with cinnamon and sugar. Bake about 30 minutes in a 375 degree to 400 degree oven.

The coffee dunkers in your family will enjoy a home made Coffee Kuchen. Give them this treat occasionally and keep them happy.

If you start the Kuchen about seven o'clock in the morning it should be ready for baking in the early afternoon.

Household Suggestions

(From the Farmer's Wife)

To clean combs and brushes, use one part ammonia to two parts water and clean with a stiff bristled brush. The dirt will disappear quickly.

Bob Higgins Gets Election Boost

An interesting statement relative to the candidacy of Robert A. Higgins for Assembly was made today by Mrs. Henry Thorsen, well known county civic leader, 1041 Pacoma Avenue, Burlingame. She said

"There seems to be in the minds of most of the right thinking individuals of San Mateo County, the well seated conviction that this county has been fortunate in its representation at Sacramento. That they do not propose to allow at this time, the capture of the Assembly Seat by any so-called 'powerful political interests', who desire to use it for their own end, is becoming quite apparent as the compaign swings into its closing stages.

"In supporting Bob Higgins for Assembly the vast number of substantial citizens feel that they will send to Sacramento, a man of outstanding ability and unquestionable integrity. And, what is more, they know that he will be a true representative of all the jeople, because he has consistently remained free from 'political encumbrance', and has absolutely refused to become any one's 'errand boy'."

Mrs. Thorsen concludes:-

"I sincerely believe that even his most ardent supporters will be surprised at the tremendous vote Bob Higgins polls on August 25."

BOY SCOUTS

Boy Scout Troop No. 148, with their scout master, Melvin Hanson, returned home, Sunday evening, after an eight day camping trip at Big Basin, in the Santa Cruz mountains.

All scouts with the exception of one became life members of the Big Basin Mountaineers. The qualification for membership consists of a nineteen mile hike to Berry Creek Falls, which did not feaze the boys, as they furnished the entertainment for that evening's camp fire.

Other similar hikes were made under the leadership of Camp Naturalist Elsworth.

June M. Fletcher and father A. Q. McKinney, formerly of Mission Street, San Francisco, have acquired the Crocker Grocery at the corner of Crocker Avenue and Irvington Street. Their many friends wish them much success in their new enterprise.

COUPLE MARRIED AT HOME ALTAR

The marriage of Miss Celia Lenore Cardellini and Edward J. Weinholz, took place Saturday evening of last week in the presence of a large group of friends and relatives in the home of the bride's mother on Templeton Avenue. Superior Judge Maxwell McNutt of Redwood City read the service standing before an artistically trimmed improvised aftar. The bride was given in marriage by her brother, Euclid Cardinelli. She was gowned in white accordian pleated georgette. The shoulder length veil was caught at the head by a band of orange blossoms and pearls. She carried an old fashioned bouquet of gardenias. Miss Inez Azzali, the bridesmaid wore a gown of orchid georgette. Her head dress was a coronet of pink camelias and she carried an old fashioned bouquet of camelias. Edward Stewart was the best man. After a short honeymoon spent in Los Angeles the young couple will make their home with the bride's mother, Mrs. Adele Cardellini.

POINT SAN PEDRO ROCKAWAY BEACH

Here's a loud "Hurrah!" for the first telephone poles to be set out on Grand Avenue, Point San Pedro. The said poles, stalking majestically up the long hill, lead directly into the expanding house of Hermie Bryant, who must, for professional reasons, keep in constant touch with San Francisco. The Bryant domicile keeps right on getting bigger and better. The sleeping porch is nearing completion, and soon the Bryant family will possess another fine room. This home is one of the unusual houses here, planned in an original way for the maximum of comfort and convenience. Mrs. Waldorf is building a cabin behind the Bryant home.

Mr. and Mrs. George Lewis and family, of Shelter Cove, have returned from a two week camping trip to the high Sierras. While there, they enqoyed to the full all the sports and pleasures of that beautiful region, but we hazard a guess that nothing looked any more scenically lovely than Shelter Cove, its splendid Rocks, and the green waves rolling in on the curving beach, alluring the swimmers to "Come on in—the water's FINE!"

Rockaway presents a lively picture these days, with Jim's Dance Pavilion being altered and painted for the offices of the new highway officials, and the portentous equipment arriving on the scene, soon to open up the road straightway over the cliff and across the wide, flat fields where Mr. Maracci grows his artichokes, right into Pedro.

* * *

Harry Ree's Tavern—we'll have some interesting news of that later on. Meanwhile, Irene's vacation is done, alas, alas! But she made full use of the days, horseback riding, and she must have lost some poundage, too.

* * *

Mrs. Fenlon's son, Frank, Jr., took both of his saxophones with him on his recent vacation, and, as the boy who went with him plays the piano, the two of them presented several concerts. And put cash into their jeans in consequence.

Vallemar, which is ranked as part of Rockaway, is such a popular picnic place, that it is booked solidly for weeks ahead.

* * *

Mrs. R. Johnson is getting her beautiful garden into shape again. It certainly repays her zeal. Mr. and Mrs. George Olmo's new green fence adds to the artistic appearance of their home. Their garden pagoda and barbecue is one of the handsomest to be found anywhere.

* * *

Mr. and Mrs. Art Remmers are completing extensive improvements in their beautiful home. They entertained a numebr of guests over the week end.

* * *

The Simmons house is having a large porch, bathroom and kitchen added, and the interior of the house lined and tinted, with heavily enamelled woodkork. "Little Casino", (skillful gardener that he is) has made the hillside bloom in avariety of colors and plants.

Mr. and Mrs. J. B. Castillo are visiting their daughter, Mrs. Grace Danmann at San Pedro Point.

The Rockaway Fire Dept. was called out twice last week; once when a brush blaze started near the beach home of Mrs. Eddy, endangering htrs and other houses; and the second time, when Fire Chief Troglia sounded the siren to summon citizens to aid in burning off a succession of lots for safety's sake. Said Mr. Troglia, "I was proud to witness the instant response to the siren and the vigorous work the firemen put in until all was clear."

* * *

Dr. Shawk, with his son, Bill, left for Reno last week. The Rockaway residents express the hope "that the genial doctor is not going to that classic city for the "cure."

* * *

Mr. Oliver Baker, foreman on the new Rockaway-Pedro unit of the highway, who was directing brush and tree clearing on the mountain slope at Pedro, had to go back for a larger way, to cut down an old tree that measured four feet through. He declares there are stlil bigger trees to be felled. The working crew is hampered by the absence of several men, due to severe poison-oak infection.

One of the truly artistic living rooms of the Pedro Canyon is that of the Strutz home. And what a great view from its windows!

ROMANTIC ROLE PLAYED BY ONE OF LEADING STARS

Otto Kruger in "Parnell" Is Coming, August 31, To Alcazar Theater

Henry Duffy announced today the opening date of Otto Kruger, that distinguished star of stage and screen, whom he is bringing to the Alcarzar Theatre starting Monday evening, August 31, in the most romantic role of his career, the title part in "Parnell."

In playing the role of "Parnell", the story of a man who threw away a brilliant career for the love of a beautiful woman, Kruger assumes a powerful dramatic characterization which overshadows even his parts in "Counsellor-at-Law" and "Accent on Youth," the two plays in which this noted star has appeared here under the direction of Henry Duffy, and his outstanding Broadway success, "The Royal Family."

Staged by Guthrie McClintic in New York, "Parnell" was applauded as one of the most distinguished productions of the season.

A marvelous cast of suporting players will be seen with Otto Kruger, including Edith Barrett, Effie Shannon,, John Emery, Montague Love, Kay Linaker, Frank Shannon and many others of importance. Mr. Duffy is bending every effort to makethis production of "Parnell" the dramatic highlight of the year. Mr. Kruger and his company will come direct to the Alcazar here from a six weeks run of capacity houses at the El Capitan Theatre in Hollywood.

Mail orders for Kruger's engagement are now being received at the Alcazar and the regular box office sale of tickets will start on Monday morning of next week.

FUNERAL SERVICES

Funeral services were conducted in San Francisco, Tuesday afternoon of this week, for Mrs. Elizabeth Hagerty, mother of Alfred Hagerty, of 6237 Mission Street.

Mrs. Hagerty, succumbed in the Alemany Hospital to injuries sustained when she was struck down and fatally injured, last Saturday morning by an automobile driven by Louis De Mattei, 19, of 1891 Yosemite Street.

Interment was in Holy Cross Cemetery.

Local Dealer Nabs Mystery Man

P. L. Peterson, of Colma Garage, 724 Mission street, got the surprise of his life the other day. A car drove up to get gas and oil. While this alert dealer was checking the oil he noticed the worn fan belt on the car and asked the driver to buy a new one.

Just when he thought he had sold a new belt the driver said, "Congratulations. I'm a Mystery Man. You win a $5 bill."

This dealer had caught one of the Gates Mystery Men in one of the most unusual and interesting contests ever sponsored.

The Gates Rubber Company of Denver, Colo., has a whole squad of Mystery Cars traveling through the country with bad fan belts. The drivers of these cars stop at Gates fan belt dealers along the way. These are known as Mystery Cars because no one knows who the drivers are or where they are traveling.

Every dealer who notices the worn out fan belt on a Mystery Car when he drives up, and tries to sell the driver a new Gates belt, gets a new $5 bill. Thousands of $5 bills will be given away this year.

CONGRESSMAN

McGRATH

In practically every newspaper in the Eighth Congressional District we have repeatedly challenged all candidates opposing CONGRESSMAN McGRATH to state specifically "YES" or "NO" as to whether or not they would have voted for each one of the laws comprising the achievement of the ROOSEVELT-McGRATH Administration.

YOU HAVE READ THE CHALLENGES!

NO CANDIDATE HAS DARED TO ANSWER!

One candidate wishes to debate. Congressman McGrath accepted, provided that opponent would place himself on record on each law for the passage of which Congressman McGrath voted "YES." This opponent refuses to meet this condition. He dare not trust the voters! He talks constantly, but will not answer.

CONGRESSMAN McGRATH'S record is already made.

HE HAS MADE GOOD!

He has proved his loyalty to our great President!

He has brought results to the Eighth District!

Ric Bolentini of Ric's Place is not having much trouble convincing friends of his fishing ability. A twenty two and one half pound bass caught at Thornton Beoch, Sunday of this week, is mute evidence.

The Colma Fire Department tug of war team scored a victory over the San Francisco Flower Growers Association's team in a fifteen minute battle at the Annual Picnic of Marconi Nest No. 1787, O. O. O., held, Sunday of this week, at Lovchen Gardens.

The first two deers of the season, and incidentally fine specimens caught by local hunters were on display, Saturday of last week, in the windows of Dave's Market on San Pedro Road.

Mr. and Mrs. R. Bastido and son Raymond of Santa Cruz spent Tuesday evening of this week visiting at the home of Mr. and Mrs. J. Carr of Evergreen Avenue.

Miss Ruth Green of San Pedro Road spent a pleasant week end as the guest of Miss Harriet Brewer at her home on Fell Street, San Francisco.

Mr. and Mrs. Fred Fa Fortune and family who have been living on Dunk Street for the past few months moved, Friday of last week, to their home on Moltke street.

Mrs. J. Boicelli and sons Angelo ad George, Mrs. D. Rovere and daughter Stella, and Miss Lorraine Lavagnino motored to San Jose where they visited with relatives. In the afternoon the group enjoyed an outing at Alum Rock.

Go Easy On Oiled Roads

Just as difficult to negotiate as the dirt road that has been treated to a coating of oil is the macadam or asphalt highway that has had the tar boiled out of it by the sun.

Under the excessive heat rays, the binder in such roads will work to the top, giving the road a surface that is very slippery. When driving over such a highway, the same precautions that are used on a wet or icy street are necessary if a serious skid is to be prevented.

COLLIER WINS SUPPORT OF LARGE NUMBER OF VOTERS

Many Thousands Of Voters And Taxpayers Lend Their Indorsement

With the primary election date rapidly approaching the campaign of Henry F. (Harry) Collier for State Senator of the Twenty-first District has taken on a new impetus and thousands of voters and taxpayers of San Mateo County are rallying to his support.

Collier, who is running on both the Republican and Democratic tickets, is making a deep impression throughout the county, where he has been speaking at nightly meetings, as well as conducting a door-to-door campaign.

San Mateo County residents, many of whom have known Collier as a successful business man for the past 20 years, have registered their approval of his simple platform, the outstanding plank of which is the cutting to the bone of state governmental expenses by ending the waste and extravagance that has characterized the state government over a long period of years.

Briefly Collier, if elected, stands pledged to sponsor and support such legislation as will:

Equalize the tax burden so that no citizen will bear more than his fair share.

Guarantee social justice, affirming the right to work and providing a sound plan for the care of the aged and helpless.

Destroy every form of special privilege, ending the sinister activities of the privately owned public utility corporations.

Conserve the natural resources of the state.

Provide an educational opportunity for every boy and girl in California and at the same time keep school funds out of politics.

Protect and improve California's beaches, as part of a widespread plan to make the state more attractive to tourists and visitors.

Forever ban raids on gas tax funds, which should be maintained for purposes of highway construction, reconstruction and maintenance alone.

Collier has a large number of indorsements and scores of friends and acquaintances are working in support of his campaign.

PISTON WEAR

Loose or worn pistons not only cause an annoying slap but they also wear the cylinder walls excessively.

Another trouble due to loose pistons is crankcase dilution. If this condition is allowed to continue any length of time the motor bearings will be affected.

Business Agents Of Unions Recommend Election Of Al Witt

The business agents of various labor unions throughout the county have recommended the election of Al Witt Jr. to the office of Supervisor of San Mateo County.

Those signing the following letter to the union membership are:
J. F. Cambriano and Chas. Seafuse, Carpenters Union No. 162; W. W. Weaver, San Mateo Plasterers; T. M. Bynon, Engineers Local No. 59; J. P. Crown, San Mateo County Electricians Union.

To the Friends of Union Labor:

During the present supervisorial campaign in San Mateo County there has been some malicious propaganda spread around to the effect that Supervisor Witt is opposed to Union Labor.

We, the Business Agents of various Labor Unions, wish to brand such reports as malicious lies and hereby state that Supervisor Witt has always been a friend of Union Labor. His past acts demonstrate this to be a fact.

Union Labor knows who its friends are and it knows Supervisor Witt to be one of its most staunch supporters.

ON THEIR RECORD OF ACHIEVEMENTS

During the past four years, Supervisors Witt and Francis carried on consistent campaigns for the County's Welfare and benefit. Among the few, which speak eloquently for themselves are:

(1) The ending of waste and extravagance in County Government, and the cutting down of expenses to the bone.

(2) A consistent campaign for an equalized tax burden, that no citizen should bear more than his fair share.

(3) The fight that ended successfully in establishing the lowest tax rate in the history of San Mateo County.

(4) They have fought for equal justice in that every form of special privilege be destroyed.

(5) They have striven for a simplified government as well as an economical and efficient government.

(6) They have supported betterment of social conditions, advancement of standards of living, increased wages and safety and comfort in working conditions.

(7) They led the fight for the acquisition of County Recreational Centers and County Beach Lands.

(8) They have labored and encouraged the promotion of public works projects to eliminate unemployment.

(9) Four years ago there were 3700 unemployed on the Relief Rolls. Today, because of the effectiveness of the Public Work Administration under the direction of Supervisors Witt and Francis, the number has been cut down to a mere 62, and this number are on the disabled list which prevents their engagement in manual labor.
